

**Lyndhurst Police Emergency Squad Presents
Community Courses:
Defensive Driving Course
March 16, 2013 9:00am - 4:00pm**

The Defensive Driving Course contains the most recent research on preventing death and injuries due to traffic accidents. New safety issues addressed include airbags, anti-lock braking systems, safety belts, child restraints, headrests and much more. The state of NJ has established a 2-point vehicle reduction program for NJ Drivers who satisfactorily complete a registered Defensive Driving Course, like this one. NJ Insurance Commissioner, Elizabeth Randle, advises that the drivers who complete a six-hour Defensive Driving Course can now save a minimum of 5% from the base rate for bodily injury, property damage, personal injury and collision coverage for three-year period.
